Plane in the garden

Two weeks ago it was my birthday and I gave a party. Just as everybody started singing «Happy birthday to you», we heard a strange and very loud noise outside the house. We all ran out to see what was going on. To our great surprise there was a single-engine light plane in our back garden and there were two men in it. My father helped them to get out of the plane. The men had to land because of some engine trouble. They had some slight injuries, so my dad dialled Emergency and an ambulance arrived quickly. The men were taken to hospital, but most of our flowers and vegetables were ruined.
